Fax: (419) 241-9415

710 Berdan Avenue

Toledo, OH 43610-1095

---

March 27, 2020

To all customers:

During the coronavirus outbreak, our focus is on the safety and well-being of our employees and customers, as well as the communities that we operate in.

In support of our nation's efforts to stop the spread of COVID-19, Collingwood Water is implementing some temporary changes. Our lobby will still be open, but may have reduced hours. Please call before coming in to buy water if it is after 3:30pm.

\*Please note: In an effort to respect the mandate on social distancing, we are asking customers to make sure there are no other customers in lobby before coming in to purchase water.

If you are a delivery customer please note our drivers are not required to enter any business or home customer to replace the water jugs. If the driver chooses to not enter- he will make every effort to contact you to meet him with your empty bottles so that you can continue to receive your water deliveries.

We appreciate your understanding during this difficult time. We hope that we can resume business as usual in the near future.

Thank you & please stay safe.
